

# HD Slate

## High Detail Design Resin

Photopolymer Resin for B9 Core Series

*"With the speed & reliability of the Core Series, I've increased my production 5 times, with wholesale orders of 2,000 parts or more at a time, and hired 4 new employees. Now with the incredible detail offered by HD Slate, I am positioned to move into the aviation and military markets that demand the highest levels of precision and quality."*

-Alan Buttler | ModelU

Formulated for high-detail parts with thin walls and crisp features. Precise detail, great for molding and model making.

The best material for showcasing surface finish, the neutral undertone and excellent readability make these parts great for RTV molding and painting.

- ✓ Microscale parts
- ✓ Excellent readability
- ✓ Optimized for surface finish
- ✓ No z-bleed
